Professional Experience

Freelance Software Developer

July 2023 - Present

Responsibilities:

- Independently managed software development projects for various clients, adhering to project requirements, timelines, and budgets.
- Collaborated with clients to gather project specifications, analyze requirements, and provide tailored software solutions.
- Designed, developed, and maintained web and mobile applications using a variety of technologies and programming languages.
- Conducted thorough testing, debugging, and optimization of software to ensure high-quality, performant, and bug-free applications.
- Kept up-to-date with industry trends and best practices to deliver cutting-edge solutions to clients.

Professional Experience

Graphics Designer

Mepujoy Enterprises, Nakuru, Kenya

2019 - 2023

- Collaborated with cross-functional teams to create visually appealing graphics and illustrations.
- Designed and developed UI mockups, wireframes, and prototypes.
- Conducted user research and usability testing to enhance design decisions.
- Created engaging social media graphics and infographics.
- Managed design projects, ensuring timely delivery.

IT Specialist

Mepujoy Enterprises, Nakuru, Kenya

2019-2023

- Installed, configured, and maintained computer networks and operating systems.
- Conducted system upgrades and customizations to meet clients' specific needs.
- Provided troubleshooting and technical support for network and system issues.
- Collaborated with clients to understand their requirements and deliver tailored IT solutions.
- Managed project timelines, communication, and revisions for client satisfaction.

Freelance IT Specialist

2020-2023

- Installed, configured, and maintained computer networks and operating systems for various clients.
- Conducted system upgrades and customizations to meet clients' specific needs.
- Provided troubleshooting and technical support for network and system issues.
- Collaborated with clients to understand their requirements and deliver tailored IT solutions.
- Managed project timelines, communication, and revisions for client satisfaction.

Part-Time Sales Representative (Shop Attendant)

Trinity Auto Spare, Nakuru, Kenya

2017 - 2019

- Assisted customers in locating and purchasing automotive parts and accessories, providing product knowledge and recommendations.
- Managed inventory and conducted regular stock checks, ensuring the availability of required items.
- Processed customer transactions accurately, handled cash, credit card payments, and issued receipts.
- Resolved customer inquiries, concerns, and issues promptly and efficiently.
- Maintained a clean and organized sales floor, contributing to a positive shopping experience for customers.

Summary

Versatile Software Engineer and Graphic Designer with a solid foundation in UI/UX design, proficient in a range of technologies from HTML5 and CSS3 to JavaScript, React, Java, Python, and cloud services. With experience as a Graphics Designer at Mepujoy Enterprises, a Part-Time Sales Representative at Trinity Auto Spare, and ongoing software engineering studies at Moringa School, I bring a unique blend of creative and technical skills to the table. My freelance software development work has strengthened my problem-solving capabilities and adaptability, and I'm committed to staying current with industry trends to deliver cutting-edge designs and software solutions.

I'm eager to contribute to a dynamic team, transforming client requirements into visually appealing designs and innovative applications for seamless and engaging digital experiences.
